

# Ross Hill Public School

Monday 4th September 2017

Week 8, Term 3

Welcome to spring! We hope that everyone was able to enjoy the sunshine over the weekend. With the warmer weather we also hope that we have seen the last of the cold and flu season for a while.

## New School Computer System

This term our Administrative staff have been undergoing training as we transition to a new state-wide computer system for finance and student records. We thank everyone for their support and understanding as this transition takes place. Our new system will be in place and operational in the first couple of weeks of Term 4.

We are looking forward to the improvements that this system will bring.

## Uniform Shop has Moved

Ross Hill P&C are pleased to advise that in response to parent feedback the Uniform Shop has been moved to the canteen to allow parents extend access to purchase items. Families are still able to use Munch Monitor to order clothing items which will be delivered to students. We would like to acknowledge the outstanding years of voluntary service that Mrs Beth Hamilton has given the P&C and the Uniform Shop and appreciate her on-going support.

## Kindergarten Enrolments 2018

If you have a child turning six next year or turning five before 31<sup>st</sup> July 2018 and they are eligible to enrol at Ross Hill please drop by the school office to collect a Kindergarten enrolment package.

Kindergarten Orientation sessions will be held next term for interested students and their families.

NSW public schools have defined local enrolment areas. These areas are determined by the Department of Education. Designated local schools may not always be the closest public school to your home – schools work with their local community to provide advice on public transport availability.

Schools may accept enrolments from outside their designated area if places are available. Such applications are subject to selection criteria and department policies. Contact the school for further information about their out-of-area selection criteria.

If the demand for local enrolment exceeds the number of places available, out-of-area enrolments will not be available.

## Dates to Remember...

### SHINE TOGETHER

On Tuesday 29th August, Ross Hill Public School launched the 2017 'Music Count Us In' song, *Shine Together* with a special live performance from the chosen lead singer, our very own Ashley Campbell. The children had a great time listening to Ashley sing. Thank you to Ashley for her beautiful performance.
